* Indicative fee only.

Because each student's study choices are different, it's impossible to provide a definitive cost of studying at UNSW. Here are a few things to consider when calculating your expected fees.

Fees are course-based

Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course and are calculated per unit of credit (UOC). For example, a science course is likely to cost more than an arts course. Therefore, your total tuition fees will vary depending on which courses you choose.

Fees vary each year

Fees for courses (subjects) change from year to year. The tuition fees above are for students commencing in 2021. The fees for 2022 are indicative only; fees may change during the program. Actual fees for 2022 will be released in late 2021.

Fees are charged based on the year of commencement

For example, if you start in Term 3 (September) 2021, the fees for the first term will be calculated at 2021 rates. Your second term (i.e. Term 1 2022) will be calculated at 2022 rates. If you're required to complete a course again, you will be charged at the rate applicable to the year you re-take the course.

Estimating your tuition fees

While it isn't possible to give a fixed annual fee for each program, it's possible to provide an estimate. Estimates for each program are outlined in the undergraduate degrees section, starting on page 32. You can also calculate your own expected fees on the following page. Most programs will require 48 units of credit (UOC) per year. Most courses (subjects) are 6 UOC. General Education course fees are charged at the rate set by the relevant faculty. As an example, GENT0803 – Introduction to Australian Cinema will be calculated using the Faculty of Arts, Design & Architecture – Arts rate.
